

Stick Dice Game

Materials: craft sticks (3 per Scout), markers.

Stick Dice are two sided pieces of wood, bone, or horn. There are many different styles and designs for them. Decorate one side of all of the sticks with a design in one color and the other side with a different color.

Play the game:

Two players each take turns throwing the dice.

The first player tosses the dice on the floor. The score depends on how the dice fall. (See chart below) Players continue taking turns until one has twenty points.

Scoring

Three black sides up = 3 points

Three red sides up = 2 points

Two black and one red = 1 point

Two red and one black = no point
